

# Gloucestershire Adult ADHD Service Self-Referral Form

- · We provide a service for 18 year olds and over only.
- · We are not able to provide social care or care co-ordination.
- We only accept referrals for people where there is evidence of a moderate-severe impact associated with symptoms.

| 1 - Your personal details |  |
|---------------------------|--|
| Title                     |  |
| First name                |  |
| Surname                   |  |
| Home phone number         |  |
| Mobile phone number       |  |
| Email address             |  |
| Home address              |  |
| Postcode                  |  |
| NHS number (if known)     |  |
| Date of birth             |  |
| Gender                    |  |
| Occupation                |  |

| 2 - GP details  |       |
|---|-------|
| GP name   |       |
| GP surgery  |       |
| GP surgery phone number   |       |
| GP surgery email  |       |
| 3 - Supporting documents  |       |
| Unfortunately, we may not be able to accept this referral without the following information.  |       |
| ADHD informant questionnaire (attached to this document)  |       |
| If the patient has a previous diagnosis of ADHD please attach evidence to support this (previous diagnostic assessment report, paediatric reports confirming formal diagnosis). Unfortunately, we will not be able to accept the referral without this information, as this is required for effective triage. |       |
| Please give name and contact details of a friend or family member (collateral informant) who can produce developmental history prior to the age of 12 years.  | rovid |
| Title   |       |
| First name  |       |
| Surname   |       |
| Home phone number   |       |
| Mobile phone number   |       |
| Email address   |       |

## Informant Questionnaire

## Please ask someone that has known you since you were a child to complete this form.

If it is not possible to have a parent or a carer complete this form, ask someone else, such as a sibling or a partner.

It is helpful for the assessment process if the person completing this form provides as much information as possible and gives specific examples where relevant. We appreciate this may take quite a bit of the informant's time and could bring up some difficult emotions, but it is very helpful to our diagnostic assessment process.

Please return this form within **THREE weeks** of receiving it. If there are any difficulties filling this form in, or if you would like it in an e-format or a more accessible version (e.g. larger print), you or your informant can contact us by telephone or email.

If you need more space for your answers, please use the last page titled, **Additional information**.

Please ensure you have provided the full name of the person you are referring to below as the 'individual'.

| Details of the person completing this form |        |         |       |
|--|--------|---------|-------|
| Today's date                               |        |         | 1     |
| Your name                                  |        |         |       |
| Name of individual                         |        |         |       |
| Relationship to individual                 | Parent | Sibling | Other |
| If other, how long have you known them?    |        |         |       |
| Your home address                          |        |         |       |
| Postcode                                   |        |         |       |
| Your phone number                          |        |         |       |
| Your email address                         |        |         |       |

## Reason for referral

| What do you feel are this person's main difficulties in relation to inattention (concentration), hyperactivity (restlessness, fidgeting and a constant need to be active), impulsivity (acting quickly without thinking of consequences)? |
|---|
|   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
|   |
| When were you aware of these starting?  |
|   |
|   |
|   |
|   |

| Education and employment  |
|---|
| Please outline any exam results or qualifications they achieved.  |
|   |
| Did they need any additional support in school/ college/ university? If yes, what types of difficulties did they have and what support was offered? |
|   |
| Did school present any challenges? If so, what where they?  |
|   |
| Have they had any problems in getting or keeping a job? If yes, what have been the problems?  |
|   |
